Dear colleagues,

We are very pleased to open the **Call for Abstracts** for the **European Colloquium on Theoretical and Quantitative Geography** in Mondorf-Les-Bains, Luxembourg (5-9 Sept 2019).

The call is open until the 15th of April 2019. Submissions are welcome for any topic of interest in quantitative and theoretical geography. In addition, 10 specifically organised sessions have been accepted, which we encourage you to consider while submitting your abstract. See the list of [Special Sessions](#). You will notice that a new short video submission session, specifically dedicated to PhD students, is also launched to foster interactivity with younger scientists and promote creativity - See details at [PhD180](#)

Abstracts submission is via the EasyChair platform: <https://easychair.org/conferences/?conf=ectqg2019> (you will need to use/create an account). Each abstract should have between 400 and 800 words. A speaker must be indicated among the listed authors and there is a limit on 2 proposals as a speaker.

In addition, we are particularly pleased to announce the following plenary talks:

- **Prof. Elsa Arcaute** (UCL, United Kingdom)
- **Prof. Isabelle Thomas** (UCLouvain, Belgium)
- **Prof. Luc Anselin** (University of Chicago, USA)
- **Prof. Sara Fabrikant** (University of Zurich, Switzerland)

More information about their talk will be communicated [here](#). We are very grateful to the 4 of them for having accepted our invitation and supporting the ECTQG.

We are looking forward to seeing many of you in Luxembourg.

Should you have any question related to the submission, please do not hesitate to contact us by email at 2019@ectqg.eu

Happy submissions!

The ECTQG2019 organisers
